

**Donaldson**  
FILTRATION SOLUTIONS

**Genuine PowerCore<sup>®</sup>  
Air Filter Technology**

# **DON'T RISK IT**

## **WHEN IT COMES TO FLEET MAINTENANCE**

**The best choice is genuine  
PowerCore<sup>®</sup> air filters.**

# When it comes to protecting your engine, **Why take chances?**

Smart managers **demand proven performance** when it comes to **engine protection**.

Donaldson's revolutionary **PowerCore® air filters** have been meeting original equipment manufacturer specifications and **exceeding performance** requirements for **more than 20 years**.

In that time, PowerCore air filters have **logged billions** of **off-road hours** and on-road miles **protecting engines**, reducing downtime and driving cost savings for operators around the world.

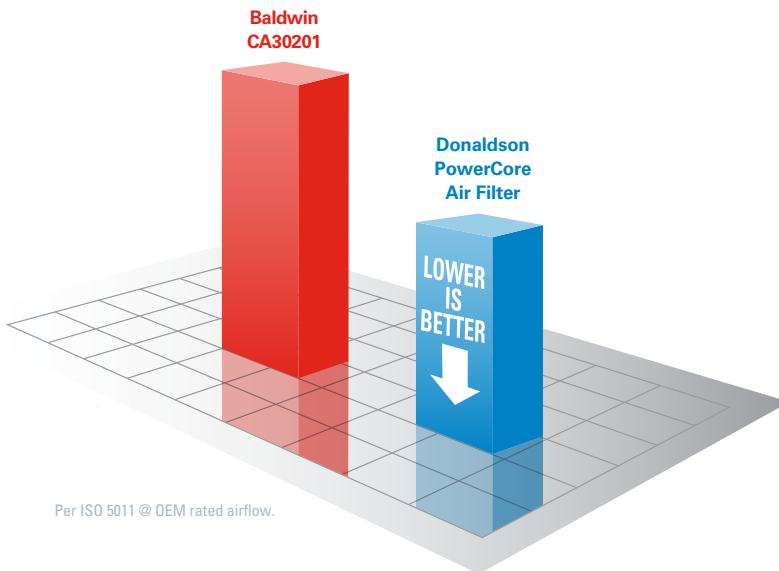

Today, PowerCore air filters continue to **set new standards** with smaller, lighter air cleaners and airflow designs that **deliver superior efficiency and dust-holding capacity**.

**It's no wonder leading OEMs, fleet operators and equipment owners insist on genuine PowerCore air filters. They're the best choice.**

Choosing a non-genuine air filter may seem like it's saving you money until you realize it *underperforms* compared to

# Genuine PowerCore<sup>®</sup> air filters

Genuine PowerCore PSD21 air filters deliver **better efficiency compared to Baldwin** and **greater dust-holding capacity when compared to Wix**.

**Better efficiency**  
Protecting longevity with

# 37%

**less dust through the system than the Baldwin CA30201 filter**

Higher levels of contamination in engine air may result in accelerated wear and ultimately, premature component failure.

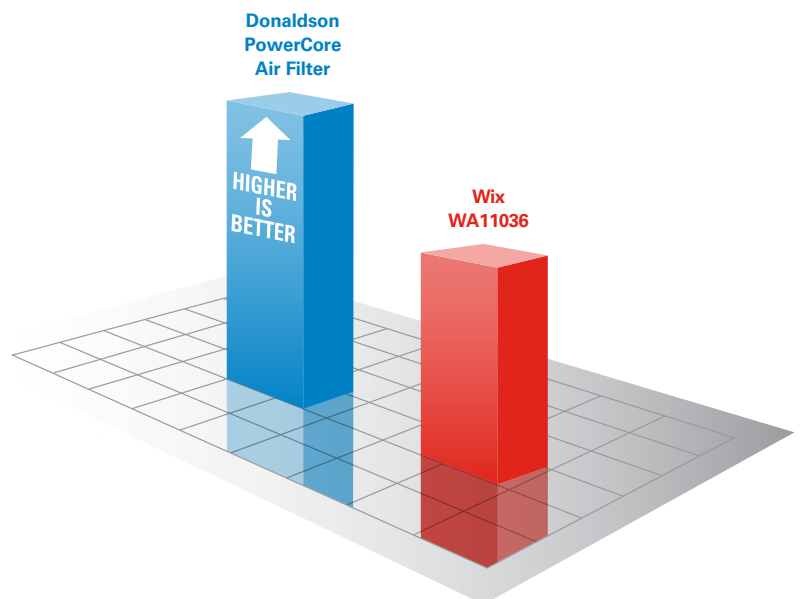

## Better dust-loading

Extending filter life with

# 38%

**more contaminant-loading capacity than the Wix WA 11036 filter**

Greater filter capacity means longer filter life, which means fewer filter changes and less money on maintenance.

# 50 Million Reasons to Choose Genuine Donaldson PowerCore® Filters

## Straight-through air flow offers proven protection

We've put more than **50 million PowerCore** air filters into equipment in hard-working, challenging environments.

PowerCore filters are trusted by truck drivers, construction workers, and farmers. Wherever there is a job to be done, genuine Donaldson PowerCore filters are providing superior protection and performance, extended uptime, and the cost savings realized by less-frequent maintenance. **PowerCore filters are the best choice.**
